

As many of you may already know, Brooks Wood's dad was involved in a tragic kayaking accident off Odiorne Point this last weekend. Despite search efforts, only his kayak has been found and authorities are presuming him dead. Many of you may have known "Toby" and will miss him at school events. If you feel you want to say something to Brooks, but are unsure what to say, a simple "I'm really sorry about your dad" is sufficient and he may or may not be able to respond to you. A large "card" as well is available for you to sign near the main office if you so choose. If you need help in coping with this loss or things it might trigger for you, please seek out someone you are comfortable with. Any of your teachers, guidance counselors, or other staff are understanding and ready to help.
